ABOUT THE EVENT

OBJECTIVES:

1. Increase awareness about the risks of polio: The campaign aims to educate people about the dangers of polio and the importance of vaccination in preventing the disease.
2. Encourage parents to get their children vaccinated: The campaign can focus on reaching out to parents or caregivers of children under five years of age, who are the most vulnerable to polio.

EVENT:

An event on the Pulse Polio Awareness programme has been organized by the NSS Committee of KL University, Hyderabad. The main motto is to raise public awareness and encourage parents or caregivers to get their children vaccinated. The purpose of the camp is to create awareness in the people to get their children below 5 years vaccinated on 17th February 2021 when the medical camp will be organized by Government medical team. The faculty and student volunteers of KLU Hyderabad visited several places in Aziznagar and distributed pamphlets to create awareness about polio vaccination. The faculty and student volunteers organized a human chain in the centre to create awareness about polio vaccination. The following faculty volunteers participated in the awareness programme. The programme was led by Dr M.P. Mallesh NSS Unit Programme Officer, Mrs Venkata Deepthi, and Dr Bhavani Sushma actively participated.

OUTCOMES:

1. Increased vaccination rates: The awareness programme aims to increase the number of children who receive the polio vaccine. The success of the awareness programme can be measured by the number of children vaccinated, particularly in remote or underserved areas.
2. Improved public knowledge and attitudes: It aims to improve public knowledge and attitudes towards polio and vaccination. This can be measured by conducting surveys or focus groups before and after the campaign to assess changes in public knowledge and attitudes.
