ABOUT THE EVENT

OBJECTIVES:

1. To enlighten the students on adding greenery to the locality
2. To motivate students and staff towards the Save Planet campaign.

EVENT:

Introduction:

Plantation of trees are essential practice to maintain the ecological balance of the environment. The NSS organization always takes an active part in the plantation drive. Recently, NSS organized a Plantation Drive, with the motive of promoting greenery in the surrounding areas and the campus. The plantation drive was conducted by the KLH NSS unit and took place on the 13th of August 2019.

The plantation drive was to spread awareness about the significance of trees and their impact on the environment. It aimed to encourage the students to participate in these drives and take active steps towards green and environmentally sustainable development. The drive was an effort to expand the green cover of the campus and surroundings.

The plantation drive was conducted under the supervision of the NSS department's officers. NSS volunteers collected the seeds of different trees such as neem, peepal, banyan, jamun, and mangoes. All these saplings were provided by the NSS department. The plantation drive took place in three different areas of the campus - the entrance of the college, the sports field, and the back part of the college. The plantation was done in such a way that saplings were planted at equidistant from each other.

The plantation drive commenced at 10 a.m. with volunteers gathered to get instructions from the NSS officers. They provided all the necessary information about the plantation drive. At the entrance of the college, the saplings were planted in the presence of the principal of the college, other faculty members, NSS volunteers, and NSS department officers. After completing the plantation at the entrance, the volunteers moved to Aziz Nagar to plant the saplings there. Finally, the volunteers went to the back part of the college to complete the drive. The volunteers worked in teams and showed high enthusiasm and dedication toward the plantation drive.

The plantation drive was successful in achieving its objective. It inspired the students to participate in the drive actively. Furthermore, the drive was successful in spreading awareness amongst the students and the faculty members regarding the importance of trees in the environment. The college has successfully expanded the green coverage of the campus, and this drive will have a long-lasting impact. Trees provide much-needed oxygen, and they also act as carbon sinks and help in reducing the amount of greenhouse gases present in the atmosphere.

KL Deemed to be UNIVERSITY

(Off Campus, Hyderabad) Estd. u/s 3 of UGC Act 1956

Campus: RVS NAGAR, Aziz nagar (PO), Moinabad Road, Hyderabad , R.R. Dist-500075.

In conclusion, the plantation drive was a massive success, all thanks to the active participation of the NSS volunteers, the faculty members, and the support of the NSS department's officers. The drive aimed at promoting greenery and eco-sustainability, and it was successful in achieving its objectives. The students and faculty members of the college have acquired valuable knowledge regarding the importance of greenery and the impact of trees on the environment. The plantation drive was an excellent initiative towards making it a habit of preserving trees and the environment, which should continue in the future. We need to plant more trees to save the earth and combat climate change. We, as responsible citizens, must focus on the importance of protecting our environment and spreading awareness against pollution.

OUTCOMES:

1. Awareness about the plantation in saving planet earth
2. Creating Inspiration by students and staff of KL Hyderabad and spreading awareness about planet earth and plantation.
3. Self-satisfaction
