Date: 15 March 2021

KL Deemed to be University, Hyderabad (Koneru Lakshmaiah Education Foundation National Service Scheme (NSS) has conducted “Awareness on Water Conservation” on 15-03-2021 in one of the villages visited by the K L University i.e., Reddy Palli. As a part of this NSS COMMITTEE participated in the event. On the event day, all the 20 NSS volunteers and faculty started from the college at 10.00 a.m. by bus and reached Reddy Palli by 10.30 a.m.

The objective of this Programme is to educate people about Water Conservation and the steps to be taken.

To preserve and reduce wastage of water.

About the Event: After reaching the village, students went door to door and gave awareness about the importance of water. Students explained why the water has to be conserved and they explained what happens if water is not conserved. Then they informed them about how to store the underground water and some of the ways to save the water.

Outcome: Students also told some tips for not to waste water and how to reuse water. For example, water used to wash the vegetables can also use for plants instead of wasting. NSS Volunteers interacted with how they are utilizing water in different ways then we discussed the ways how to reduce the wastage of water.

Ways to save water:

- Use of Jug while brushing your teeth.
- Turn off the taps while not in use.
- Washing vegetables in a tub of water instead of a running tap.
- Don't throw plastic in rivers or ponds to reduce pollution.
- Use low flow showerhead.
- Water your yard and outdoor plants early or late in the day to reduce evaporation.
- Use a broom, not a hose to clean driveways and walkways.
- Use a shut off nozzle on your hose.
